Understanding oral & dental anatomy for dental surgery and implants

Wednesday 4th March 2020
19:00 - 20:30 (Refreshments from 18:30 - 19:00)
1.5 hours CPD
Suitability: Dentists & nurses

Malmaison Brighton
11 Mermaid Walk
Brighton
BN2 5WA

Aims:
To update delegates on the oral and dental anatomy relevant to dental implants.

Objectives:
By the end of this session, dentists and nurses should have a better understanding of oral and dental anatomy and how this relates to:

• Planning implant placement around important anatomical structure
• Choice and location of local anaesthesia
• Surgical flap design and nursing assistance
• Management of post-operative complications

GDC development outcomes:
A - Effective communication with patients, the dental team and others across dentistry.
C - Maintenance and development of your knowledge and skill within your field of practice.

Frans Banki – BDS MSc MRCS PGCert
Frans is dually qualified in Medicine and Dentistry. He is a Specialty Dentist in the department of Restorative Dentistry at Brighton & Sussex University Hospitals. He also works as a general dental practitioner at Rottingdean Dental Care. Frans graduated in Medicine from Maastricht University in the Netherlands in 2010 with final year rotations in Plastic Surgery and Oral and Maxillofacial Surgery. Following his medical degree, he worked in a busy A&E department in the Netherlands. He then studied Dentistry at the University of Bristol where he graduated in 2015. During his Dental Degree he won the Bristol Dental Alumni Association Research Prize and taught Human Disease to undergraduate dental students. After graduating, he worked as a general dentist and as an SHO in the Oral and Maxillofacial Surgery Department of the Royal Sussex County Hospital. During this time, he became a Member of the Royal College of Surgeons of England and gained a Postgraduate Certificate in Primary Care Dentistry from the University of Kent.

AJ Ray-Chaudhuri – BDS MFDS RCSEd MJDF RCSEng LLM AFHEA FDS RCSEng
AJ is a Consultant in Restorative Dentistry and Implantology at Brighton and Sussex University Hospitals. He also works as a general dental practitioner at Rottingdean Dental Care. He graduated from King’s College London in 2003 and spent 2 years in general dental practice. He then worked as a Senior House Officer for 3 years prior to 5 years of Specialist training at King’s College and St George’s Hospitals in London. During this period he obtained membership of the Royal Colleges of Surgeons of Edinburgh and England. He concurrently read law at Cardiff University and completed his Masters degree with a dissertation in ‘Clinical Negligence in Dentistry’. He was awarded an Honorary Lectureship and Fellowship at the Royal College of Surgeons of England and became an Associate Fellow of the Higher Education Academy. AJ still publishes and teaches extensively and is an accredited Expert Witness. He has been placing and restoring Neoss implants for 10 years.
